

November 14, 2007

Hello,

My name is Alison [REDACTED] I am 9 years old and in the fourth grade. This year we are learning about new math facts. This has been challenging for me. I enjoy multiplication, addition, and subtraction. Outside of school I enjoy practicing karate and spending time with my family and friends. My school is practicing a Christmas program and I hope that we can send you a copy of our performance. I think you would like it a lot.

I want to say thanks for taking the time to serve our country. Your hard work and dedication mean a lot to me and others. I hope that you know that we are all thinking and praying for you. I am proud of what you do and I could never thank you enough. I was able to meet someone in the Navy at my school and felt very lucky to get the opportunity to meet him.

How are you doing? Where have you traveled to? What are your favorite hobbies and or sports? What is your favorite holiday? What is your favorite wheather? Where do you live? What is your favorite food?

Please share my letter with your friends and tell them I give all of you my support and appreciation. Thanks for your dedication.

Your Friend

Alison
